What are we looking for?

We are looking for a range of event suppliers who will be able to provide a fantastic service, and memorable experiences. From small schmoozes to large simchas, we welcome events at JW3 to suit every occasion.

Each year we host a diverse range of events from gala dinners to barmitzvahs, children's parties, after show parties, conferences, meetings, brunches, and lunches... and we'd love to offer a suppliers list to our clients that authentically capture the nuances of each event.

Interested suppliers must show that they have a proven track record in event delivery from intimate meetings to large events for 400 in a range of formats relevant to the events hosted by JW3.

In 2024 we open our brand new outdoor weatherproof Dorfman Piazza, which will be available alongside our Howard Hall and restaurant space and other meeting rooms.

If you are a food provider, eg cake supplier, you must have a recognised kashrut licence.

Who are we?

JW3 is the first and only Jewish Community Centre and arts venue of its kind to exist in the UK. The brainchild of Dame Vivien Duffield DBE and created by a core capital grant from the Clore Duffield Foundation, the centre opened on the Finchley Road, NW3 in October 2013.

As a charity, JW3 is at the heart of a vibrant, diverse, unified British-Jewish community. We aim to bring people together from every walk of life, across multiple divides, regardless of geography, belief or ability, to build community and strengthen society.

The commercial success of our venue hire offer allows JW3 to reinvest into our educational and cultural programming, both online and in person, impacting thousands of people every week, all year round.
